CITY PASSES PROHIBITION MEASURE

NEW ORDINANCE IN HARMONY WITH STATE DRY LAW

COMMISSION MEETS

Officers Did Not Have Power To Arrest Offenders—Rumored There Are Such

At the meeting of the City commission held last night at the city hall an ordinance was passed on prohibition, according to Mayor F. P. Robinson. The old ordinance was insufficient and not up to date as it was passed when local option was in force in the state. The new ordinance, which was drawn up by T. A. Cummins, city attorney is virtually the state law and covers the case in hand.

Previous to the passing of the new prohibition ordinance the city authorities did not have sufficient authority. The state officials could make arrests but the city officers could not—and it was rumored that there were instances where it might be well for the city to take matters in hand.

The ordinance says in part It is unlawful for any person, firm, association, corporation, his, its or their agents or employees to manufacture, sell, give away or transport intoxicating liquors within import the same into or export the same from the city of Maryville for beverage purposes except as herein after provided. This shall not be construed to prevent the manufacture, importation, or sale of denatured alcohol or cider for the purpose of making vinegar or nonintoxicating cider denatured rum used in industrial and mechanical arts or methyl alcohol of ethyl alcohol in non-patable toilet, medicinal, antiseptic, culinary or other nonbeverage preparations or of ethyl alcohol for scientific, pharmaceutical, mechanical or industrial purposes or to prevent the sale of ethyl alcohol or wine by pharmacists or druggists as provided by the laws of the state of Missouri, for sacramental or medicinal purposes.

REV. COOPER TO DELIVER BACCALAUREATE SERMON

The Baccalaureate Sermon for the spring graduating class of the Maryville High school will be given Sunday night, May 22, at the First Methodist church. Rev. J. A. Cooper, pastor of the First Baptist church will deliver the sermon. The minister was chosen last night by the class and the announcement made today by Superintendent L. E. Ziegler.

The class night exercises when the class gives its program will be given Thursday night, May 26, and the graduating exercises on Friday night, May 27, in the high school auditorium.

The class will start practicing in the near future for its entertainment on Thursday night, May 26. The speaker for the commencement address and other details of the exercises have not been worked out.

Sixty-eight students will receive diplomas at the end of this term. This is the largest class ever graduated from the Maryville High School

RED CROSS GARMENTS READY

MRS. BELLOWS WILL SEND QUOTA TO ST. LOUIS SOON

58 ARTICLES MADE HERE

Mrs. Robertson Obtains Material From Maryville Merchants—Some Contribute Money.

Mrs. C. D. Bellows, chairman of the volunteer service of the Red Cross with her assistant, Mrs. Jesse Robertson have ready to ship to the Southwestern division headquarters in St. Louis 58 garments for the destitute children overseas. Mrs. Bellows has been in touch with women's organizations in the county, while Mrs. Robertson obtained material from the Haines Dry Goods store, while the Yehle Dry Goods Co. also contributed material, which was made into garments by the women in Maryville. Others gave material as well as the work.

Mrs. Robertson has obtained money for buying material from several persons in town, who did not give material or could not make the garments.

The volunteer service of the Red Cross is not confined to sewing, according to Mrs. Bellows. Persons may volunteer to do different things for the Red Cross, when needed. This will not involve a great deal of service, Mrs. Bellows says. Some time it is just a little thing, that will take but a few hours.

Just at this time, however, there is such a great need for clothing for these destitute children that the emphasis is being laid on that just now.

The number of garments ready to be sent in by Mrs. Bellows and Mrs. Robertson is as follows:

Children's petticoats	1	31
Children's dresses		16
Baby blankets		2
Baby sack		1
Baby cap		1
Adult garments		7

TAX VALUATION NEARLY DOUBLE

CITY OF MARYVILLE IS PLACED AT OVER 5 MILLION

SCHOOL DISTRICT MORE

With Increased Assessment, Levies Will Be Reduced About One-half, It Is Stated.

The tax valuation of the city of Maryville for this year is $5,172,581, being double the valuation of a year ago, it being at that time $2,673,196.

The tax valuation of the Maryville school district for this year is $5,569,513. Last year it was $2,828,119 and in 1919 it was $2,260,165.

These figures were announced at the office of County Clerk Fred Smith today as the abstract of tax valuation of the county has been made according to recommendations of the State Board of Equalization and the County Board. The increases are due to the values placed by the State Board of Equalization at a recent meeting.

Both the city levy as well as the school levy will be reduced so as the estimated revenues will not exceed 10 per cent of what it was a year so it is stated. Action on the city will be taken within the next few weeks and action by the school board will be taken soon.

The tax valuation by townships are:

Polk $13879216; Atchison $3477043; Grant $3,183,595; Green $4,053,711; Hopkins $3,113,215; Hughes $3,897,584; Independence $3,747,781; Jackson $4,861,080; Jefferson $2,963,182; Lincoln $3,941,578; Monroe $3,134,768; Nodaway $3,667,413; Union $2,924,917; Washington $2,958,021; White Cloud $3,008,878.

The grand total valuation of the county is $62,817,982.

The school district tax valuations for this year are: Risser $196,933; Unity $390,763; Prairie Grove $299,147; Wesley Chapel $242,301; North Grove $376,453; M. HIRES TWO MEN TO STEAL HIS CAR

SO DENNIS McGARRY, OWNER, COULD GET INSURANCE

ADMITTED THEIR GUILT

Peterson and Lainhart, Who Took Car, and McGarry All Confessed To The Prosecutor

One of the most astonishing cases ever up here was related yesterday when Dennis J. McGarry, a prominent farmer living east of Arkoe, H. L. Lainhart of Conception Junction, and Raymond Peterson, who works on McGarry's farm, were arrested on a charge of conspiracy to cheat and to defraud.

In their signed confessions to Prosecuting Attorney McCaffrey, Lainhart and Peterson stated that McGarry hired them to steal his Ford touring car and to dispose of it, so McGarry could collect the theft insurance on his car, amounting to $750. McGarry later admitted his part in it.

The McGarry car was taken during the night Sunday, but McGarry didn't report it until Tuesday morning. He stated he tried to notify Deputy Sheriff Gabe Purcell at Conception Junction on Tuesday, but Mr. Purcell was out of town, being in Iowa. He called James T. Goff, cashier of the bank at Arkoe and agent for the insurance company, and notified him of his car being stolen and requested him to notify the county authorities at once. Mr. Goff informed Sheriff Roach of the car theft.

Peterson and Lainhart were arrested by Deputy Sheriff Purcell Tuesday afternoon and McGarry was placed under arrest yesterday.

Peterson in his confession yesterday to Prosecuting Attorney McCaffrey and in the presence of Assistant Prosecuting Attorney E. E. Williams, Sheriff Roach, Deputy Atherton, Charles Talbott and Theodore Robinson, voluntarily made answer to questions asked by McCaffrey. He told of McCarry suggesting to him that he steal his car within the next week so as he could collect the first year insurance on the car, it expiring in May. The second year insurance would be $250 less.

Peterson said H. L. Lainhart of Conception Junction accompanied him to the McCarry farm last Sunday evening and that they had a talk with McCarry about the car and told him they were going to take it that evening. McGarry said "all right." McCarry left a quart of cylinder oil in the car and filled the radiator with water. Peterson and Lainhart returned to Conception and about 1 o'clock Monday came back to the McGarry farm and took the car and drove it on to St. Joseph where it was sold to the Park Garage in that city. They received $275 for the car and the money was divided equally between Peterson and Lainhart. Peterson signed McGarry's name to the bill of sale.

Peterson stated McGarry removed the steering wheel. His insurance policy stated that he could not get his insurance without having the keys to the Decker Lock steering wheel. They got another steering wheel and put it on the car. McGarry after taking the steering wheel off put it under a box in his garage, and later it was buried in the ground.

Peterson and Lainhart after selling the car in St. Joseph Monday returned on the evening train to Conception Junction. Peterson called up McGarry on the phone and said he was back. The arrangements made was that the car was not to be reported as stolen until the boys returned from St. Joseph. The next morning Peterson returned to the McGarry farm and told him what had been done.

Lainhart told in a separate conversation of practically the same story as Peterson in detail.

McGarry at first stoutly denied knowing anything about the deal, but after an hour or so, finally confessed to Prosecuting Attorney McCaffrey and Sheriff Roach that the boys had told the truth. When McGarry was confronted with the steering wheel which had been found in the spot where Peterson said it was, he broke down and cried.

Peterson has been working for McGarry for the past few months. He is 20 years old. Lainhart was formerly working for the Great Western in the shops at Conception Junction, but was recently let out with several others on account of the road laying off a number of men. He is 22 years old.

The three men waived their preliminary this afternoon and it was announced they will be arraigned in circuit court tomorrow.

COMMITTEE SELECTS EVANGELISTS

SEVEN WILL HOLD MEETINGS AT CHRISTIAN CHURCHES IN FALL

BOARD MEETS AT HOPKINS

Goal of 1000 New Members Set—Those Who Have No Cars To Be Provided Transportation

The committee on evangelists for the Christian Church campaign to be held in October met at Hopkins yesterday and selected the evangelistic teams for the seven meetings.

They are as follows: The Kellems Company; F. A. Sword, B. L. Wray; James Small; Chas. Early; Floyd John Evans; O. E. Hamilton. These men will have their own teams and all the meetings will begin Sunday October 2.

Proceeding the October meetings, revivals will be held in all the other churches of the county. These meetings will be taken care of largely by home ministers. This plan will provide every church in the county with a revival. A goal of 1000 additions has been set for the fall campaign. Where the plan has been presented the church boards of the county are enthusiastic for this united movement. It is predicted by Christian church leaders over this section that this Evangelistic program will set a new mark of evangelism for churches and counties everywhere.

The county Board of Christian churches has planned one of the greatest evangelistic campaigns of its kind for this fall. In place of the churches of the county planning their own meetings and working independently, the churches are to cooperate in their efforts and all the revivals are being planned through the County Board. It is expected that every church in the county will cooperate, however, should a few of the churches decide to work independently, the plan will be carried out just the same.

It is planned that there will be seven revivals in the month of October at the following places: Skidmore, Burlington Junction, Maryville Hopkins, Pickering, Barnard and Ravenwood. These meetings are located in the county so that it will be possible to reach every church and community. With good roads one of these big meetings will be reach of every member in the County. Transportation committees will be appointed in each rural church to make possible the attendance of those who have no cars.

RICHARDSON TO MAKE COMMENCEMENT ADDRESS.

President Ira Richardson of the State Teachers College will make the commencement address at a consolidated school near Mound City, Holt county, tomorrow night. He will return to Maryville Saturday.

2 FORCES OPPOSE EACH IN KOREA

SWORD OF GERMANY IN HAND OF JAPAN IS ONE OF THEM.

OTHER CHRISTIANITY

Question Which Shall Win—Modern Railroads, Auto Roads, Have Come.

"Two forces are opposed to each other in Korea today," said Herbert E. Blair at the Presbyterian church last night. "One is the 'sword of Germany in the hand of Japan.' The other is that force which the American missionaries have taken and are teaching, Christianity. Since Christianity dawned it has been influencing the life of nations, being handed on from one to another. It influenced Rome, and by her was given to Northern Europe, to the British Isles, and then to America. Within later times it has been extended to the lands of the Orient. Everywhere it has gone it has brought an awakening of ideals, a development of human values, and an outreaching for the fulfillment of new desires.

"The Korean-Japanese question," said Mr. Blair, "is largely the question 'which of these two forces will win?' Any nation, which may interfere with Japan extending her power through the nearby lands of the Orient, will have a difficult situation for several reasons. The first is that the militaristic party has so influenced the Japanese people that they believe the program of expansion, all the Japanese ideals, are a part of their native land, and that any war to maintain them, or advance them would be a 'war or self-defence.' Another fact is that the Japanese with their emperor worship all believe that the greatest privilege that can come to one is to die for the emperor.

"The Japanese had brought some good to Korea, however, in giving her modern railroads, auto roads, in abolishing the special privileges of the upper class, and in providing equity and justice in the courts when it was Korean versus Korean. It was another situation," Mr. Blair said, "when it was Korean versus Japanese. Yet in many of these ways Japan has antagonized the Koreans, for instance by taking their ancestral paddy fields for railroads and roads, without remuneration.

"A great new hope awoke in the hearts of the Koreans with the ideals enunciated at the close of the war, and they hoped that the principles of self-determination of small peoples would give them back their own country. In spite of the way Japan burned their old flintlock muskets, starting the fire with the old histories of Korea, patriotism was only dormant and took flame. The great demonstration in favor of the Korean Republic was, as far as he saw or knew without violence on the part of the Koreans."

Mr. Blair was entertained in the home of Prof. and Mrs. C. E. Wells, with whom he attended Park College. From here he went to Fairfield, Ia., of which Presbyterian church he is the foreign pastor. Mr. Charles W. Wade, son of Mr. and Mrs. O. P. Wade, of Maryville, is one of the elders of that church, and it was he who wrote to Mr. Blair over sixteen years ago, while he was in seminary, asking him if he would be the foreign missionary of that church.

LARGEST CIRCULATION IN NODAWAY COUNTY

LARGE CROWD ATTENDS GLENDALE COMMUNITY MEET

Children Of School Gave Excellent Program—Seventh Community Meeting At Glendale.

The seventh community meeting of the Glendale school northwest of Pickering for this year was held last night. The capacity of the school house was taxed to the limit. A. G. Dempster is the teacher.

One of the best numbers of the program was the debate on Resolved: That Incubators hatched chickens are healthier than hen hatched chickens." The negative side composed of Mrs. Theodore Gray and Mrs. Floyd Fakes, won. The affirmative side was composed of Mrs. Mert Morris and Mrs. Denver Loch.

The children of the school give a program assisted by several grown folks. A vitalized agricultural demonstration of knife and fork trays was given by John Gray. Recitations were given by Hazel Scott, Helen Ulmer, Mrs. Richard Spurgeon, Lesta Spangler, Phyllis Gray, Ralph Houston, Ermina Scott. A poem written by Mildred Wilson was read by Miss Helen Ulmer. An original poem was given by Mrs. Theodore Gray. Various songs were sung by the school. A vocal duet was given by Pauline Loch and Gracie Ulmer and also by Mildred Wilson and Phillis Gray. Other numbers were a pantomine, "Little Grandma" a flower drill and topsy turvy drill.

At the eighth community meeting which will be held at the Glendale school in the near future, the moving picture of the secretary's report of the Chamber of Commerce will be shown.

MANY TEACHERS FORCED TO DIET TO CONSERVE FUNDS

Not Only Is Meat Absent But Good Old Fashioned Butter As Well.

Chicago, April 27,—A special cult of vegeterians is growing up among the university instructors of the United States.

Not only is meat absent from the daily fare, but the good old-fashioned butter is also missing—oleo and other substitutes replacing it. This penitential fare is eaten, not from choice but because many university instructors cannot pay for better food for themselves and families.

These statements are based upon a study made by the Better Schools Service of the American Federation of Teachers and the survey has revealed, according to Miss Josephine Colby, field secretary, that a third of the professors cannot live adequately upon the salaries paid them.

Only 516 of all the school teachers in the United States, the survey shows, receive more than $4,200 per year and only 92 receive more than $6,000.

Resoling and cobbling of shoes, cutting of children's hair at home, living in rooms without heat, kerosene lights, refraining from marriage for lack of funds, taking no vacations and foregoing all social life are a few of the economies practised by the pedagogues, according to the report.

SPRING HAS COME FISH ARE BITING SAYS BROOK TO BOYS

"Come and Get Us"—A Bunch Who Couldn't Go Barefooted Broke Windows.

Spring has come. Not only are the robins building their nests and the brooks beginning to trill, but the boys have begun to feel the call of the wild. The little brook, which murmurs to the poet of love and springtime is saying to the small boy, "Fish are biting. Fish are biting. Come and catch us. Come and catch us," while every blade of grass is a challenge to him to take off his shoes.

Some have answered this challenge and are hiking off to the woods minus all superfluous articles of footwear. Some who could not go barefooted have even relieved their feelings by breaking windows. The other day a "bunch" broke the windows in Harry Harrison's vacant house on Vine street near Market, while Tuesday night the same young hopefuls finding some carbide which had been spilled from a barrel at the high school building collected it into bottles and hied forth to see what would happen. Some of it was poured into a watering trough near the East End Grocery. It foamed and bubbled beautifully, so a match was set to it to see what would happen and sure did. Several of the boy are bearing scars from the burns. Having perambulated around town leaving the carbide in various places they finally grew weary and returned home to be interviewed the next morning by Ed Tilton, chief of police. They were brought before Mayor Robinson this morning and given another chance to attend school and be good boys. They were duly instructed that carbide is not a plaything, that it is highly poisonous and not to be handled lightly. After the interview they meekly promised to return to school and remain there despite the hum of the bee and the song of the bird and the call of the brook. The mayor was adamant. He refused to recognize any such evidence offered.

REFERENDUM ON MEDICAL BILL

DOCTORS FORM ORGANIATION TO PROCEED WITH WORK.

500 WERE AT MEETING

Council of 30 Physicians Named to Arouse Public Interest Against Bill.

About 500 doctors from St. Louis, Kansas City, St. Joseph and other parts of the state, meeting at St. Louis Tuesday, formed the Missouri Public Health League, a permanent organization in the interest of health and public instruction. A resolution was adopted to proceed immediately to invoke the referendum on Senate Bill No. 433, passed by the last Legislature and signed by Governor Hyde, which amends the law governing the granting of certificates to practice medicine in Missouri.

A constitution was adopted authorizing a council of 30 members, 25 of whom were appointed, leaving five to be selected by those appointed at the meeting. The referendum movement will be directly under the supervision of this council, which will attempt within the next six weeks to arouse public interest against the bill, which was described at the meeting as vicious legislation designed to lower the standards of medical education in Missouri.

Members of League Council.

Those who were appointed to the council are Drs. A. H. Hamel, Nathaniel Allison, Hanau W. Loeb, W. H. Luedde, H. G. Mudd and Borden Veeder and Messrs. Aaron Waldheim, Frank V. Hammar and J. L. Hornsby, all of St. Louis; Drs. J. T. Bellows, H. E. Pearce, George Mosher and Judge John L. Williamson, all of Kansas City; Dr. J. Frank Harrison, Mexico; Dr. M. P. Ravenal, Columbia; Dr. J. Franklin Welch, Salisbury; Dr. Guy Lemmon, Springfield; Dr. Guy Morton St. Joseph; Dr. J. P. James, Joplin; Dr. H. L. Reid, Charleston; Dr. W. I. Ferguson, Sedalia; Dr. M. P. Overholser Harrisonville; Dr. T. W. Cotton, Van Buren; Dr. W. B. Pettijoone, Hannibal, and Dr. J. L. Rochmer, president of Lindenwood College, St. Charles.

The bill on which it is sought to invoke the referendum amends the law requiring that applicants to practice medicine shall be graduates of reputable schools of medicine by omitting the word "reputable" and substituting therefor the words "some medical college." The bill also further amends the law as to permit an aggrieved applicant to appeal from the decision of the State Board of Medical Examiners to the Circuit Court which may render judgment in favor of granting a certificate.

Proceedings at Meeting.

Melville M. Wilkinson presided and appealed for the maintenance of high standards in the medical profession, and Dr. Loeb, who is dean of the medical school of St. Louis University outlined the purposes of the meeting, stating that the people interested in public health disapproved the bill. He said the legislation was a deliberate attempt to sweep away bars erected through years of study and research against the unworthy and those not qualified by previous education to enter the profession of medicine. He pointed out that medical research sought to prevent disease as well as to cure and that this standard must be maintained at all hazards.

W. C. Russell, an attorney of Charleston, made the motion to refer the bill to the people, and Judge C. R. Woodson of St. Joseph, seconded it. The vote was unanimous.

Dr. Ravenal, who is dean of the medical department of Missouri State University, said the question was whether the people of Missouri stood for intellectual, moral and physical efficiency, and that these standards were impugned in the objectionable legislation. He reviewed the triumphs of medical research and declared that faddists, who would be benefitted by measures such as bill No. 433, had never accomplished anything in the profound research that has been necessary to solve the great health problems of history.

Others Denounce the Bill.

Among others who denounced the bill as inimical to public health were George Eigel, representative of the First St. Louis District in the Legislature, who said he fought the bill from the moment it was introduced, and doctors from different parts of the state who pledged co-operation in the movement for the referendum.

AN OPEN LETTER TO WOMEN

Mrs. Little Tells How She Suffered and How Finally Cured

Philadelphia, Pa.—"I was not able to do my housework and had to lie down most of the time and felt bad in my left side. My monthly periods were irregular, sometimes five or seven months apart and when they did appear would last for two weeks and were very painful. I was sick for about a year and a half and doctored but without any improvement.

A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me, and the second day after I started taking it I began to feel better and I kept on taking it for seven months. Now I keep house and perform all my household duties. You can use these facts as you please and I will recommend Vegetable Compound to everyone who suffers as I did." — Mrs. J. S. LITTLE, 3455 Livingston St., Philadelphia, Pa.

How much harder the daily tasks of a woman become when she suffers from such distressing symptoms and weakness as did Mrs. Little. No woman should allow herself to get into such a condition because such troubles may be speedily overcome by Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American women to health.

1 CENT 1 CENT

Why 2 Cents?

It would cost you hundreds of thousands of dollars a year to keep in touch with farm progress the country over if you were the only farmer who wanted to read

The COUNTRY GENTLEMAN

But there are 800,000 other farmers who feel that they couldn't be without it—that's why this unmatched farm service costs you but a single dollar for a whole year—less than 2 cents a week!

Your lone dollar couldn't buy the services of fifty trained investigators who travel all over the United States in search of just the ideas and plans that will be most useful and profitable to you. It couldn't buy the genius and effort of master story-tellers—men like ZANE GREY, HENRY OYEN, ALBERT PAYSON TERHUNE—who write the distinctive and interest-compelling fiction that each issue contains. It couldn't buy the time and thought of the many experts on farm home economy who are always ready to help your wife with her problems—or the work of widely-known artists and cartoonists. But because 800,000 other farmers also want these very things, you can get them all for just $1.00—52 big, helpful issues. Let me have your order today.

"They Fought Over The Estate"

How often you hear that expression.

How often is property wasted in law suits after the owner's death because his will was not properly made or because of wrong administration.

A trust company can save such waste for you by helping you to arrange your business affairs and make your will, and by administering your estate to the best advantage for all concerned.

A trust company does not fail in its trust—doesn't die nor move away.

Attend to this important matter today.

UNITED STATES ONLY WANTS HER OWN SAYS HARDING

Aboard U. S. S. Pennsylvania, Hampton Roads, Va., April 28.—President Harding served notice upon the whole world today "that the United States does not want anything that is not hers by right, but that she does want that which is righteously her own and by the eternal we mean to have it." This declaration was made in a speech to the officers of the Atlantic fleet following a presidential review.

The President continued in vibrating voice, "I wish you might never be called upon to fire a gun again."

GERMANY TRIED TO GET SCHWAB TO BREAK CONTRACT.

New York, April 28.—Germany offered Charles Schwab, steel magnate, 100 million dollars bribe if he would break his war contracts with Lord Kitchener. England learned of this and countered with an offer of 150 million dollars. Schwab laughed and said: "Germany and England together hadn't enough to make him break with Kitchener." The above statement was made in a speech today by Darwin Kingsley, president of the Chamber of Commerce of the State of New York, at a testimonial "integrity" reception tender Schwab. The reception was an outgrowth of false allegations previously made against Schwab.

ALLIES CONSIDER PROPOSALS ENTIRELY INADEQUATE

London, April 28.—"The supreme council will support the proposal for military occupation of the Ruhr district unless there is an amended indemnity proposal from Germany," said the Evening Standard today.

The German indemnity proposals are unanimously considered inadequate by the Allies, Premier Lloyd George announced in the House of Commons today.

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Maryville resident's example.

Mrs. J. F. Morton, West Fifth St., says: "I have often used Doan's kidney Pills with great benefit and am glad to say these few words or praise for such an old reliable remedy. My back used to get lame and sore, caused by sharp pains which caught me in the small of my back. The action of my kidneys was irregular and made me feel weak and miserable. The few boxes of Doan's Kidney Pills which I used not only brought great relief but completely cured me. Since then whenever I do not feel just right or my kidneys are not acting properly due to a cold I use a few Doan's and they always regulate the kidney action. I can recommend Doan's Kidney Pills to anyone."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Morton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

REGISTRATION BOOTHS WERE OPEN THIS AFTERNOON

Room Decorated With Posters, Booklets, Model Town and Scrap Books Shown.

The registration booths were ready this afternoon for the Sunday School children to register. The room, which is on Third street in the Robinson building, is decorated with posters, which the children have made in their Sunday school work. The story of the infant, Moses, is told as well as the story of the Birth of Christ, while mission lessons of China and Japan are illustrated. A calendar with pictures appropriate for each month are used. A great big heart holds a multitude of smaller hearts, which represent the members of the Cradle Roll, the babies too young to attend Sunday school, but are prospective members.

A model city by the junior department of the Baptist church gave an idea of how a complete town should be built and what it should contain. A number of illustrated booklets by children of the Buchanan Street Methodist Sunday school were in the exhibit. Picture scrap books for one of the orphans' home made one envious.

The children under 12 years old are invited in to see the display and register, whether they go to Sunday school or not. The greater number of children are expected to enroll Saturday as school will not be in session. The rooms were open from 2 o'clock to 6 o'clock this afternoon and will be Friday afternoon and Saturday afternoon, also. A committee composed of Miss Dessa Galt, Mrs. Joe Cornell, Mrs. Charles Gaugh, Miss Mary Rickman and Miss Laura White are in charge of the exhibit and the registration of the children.

DR. WENTWORTH GIVES TALK AT INDOOR PICNIC

"What Would Happen If We Made Religion a Business?" was the subject of the address given by Dr. Charles Wentworth of the White Temple Church of St. Joseph, at the indoor picnic held last night at the First Methodist church of this city. If people worked as hard for religion as they do in business matters, the Christianizing of the world would certainly "go over the top," this was the point emphasized by Dr. Wentworth.

One hundred and fifty people attended the picnic last night. Dr. Curl, pastor of the First Methodist church, gave a short talk and musical numbers were given by the Junior choir.

Buy Your Coal Direct From Mine--Big Saving

The high cost of coal is a thing of the past. At least, there are no complaints on this account—since the removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct from the mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a carload buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 559 Como Building, Chicago.

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice Coal Co. at once for prices, stating kind and quantity of coal you use.

SCHOOL DISTRICT FILES REMONSTRANCE PETITION

95 Per Cent of Voters of Liberty are Against Proposed Consolidation With Skidmore.

The citizens of the Liberty school district located about five miles southeast of Skidmore have filed a remonstrance against the taking in of their district in the proposed consolidation of district schools in Monroe township. The remonstrance is as follows:

"We, the undersigned, resident taxpayers of Liberty School District, No. 140, Nodaway County, Missouri, hereby protest and object to be taken into the Consolidated School District of Skidmore, Mo., as per election called for May 10, 1921.

"J. N. Shull, John McDowell, Orville Lowrance, H. D. Shull, Philip P. Shull, Louis J. Daise, J. Ward Stevenson, Henry Rowlett, Charles M. Link, W. R. Groves, F. H. Turner, William Eib, Millie C. Eib, Donald C. Jackson, C. M. Cottrell, D. W. Iddings, M. M. DeBord, Jesse H. Campbell, John A. Lowrance, Geo. T. Smith, Roy Twaddell, Fred Dyson.

"The above signers represent 23 out of the 24 resident tax payers, or 95 per cent of resident voters, and the following nonresident tax payers of the district:

J. R. Bagby, J. F. Cook, A. C. Shull and W. G. Mast.

"It might be of interest to the other districts to know that no one in Skidmore or Maryville was petitioned or authorized to include us in the proposed Consolidated District."

The Liberty school house is about four miles north of Graham and as one party said, "If we wanted to be in a consolidated district we would prefer Graham to Skidmore on account of the distance and roads."

JURY BRINGS IN VERDICT FOR $500 FOR PLAINTIFF

Walker-Beck Case Decided by Jury After Being Out Since Noon—Court to Adjourn Tomorrow

The jury in the case of W. H. Walker against H. B. Beck for $2,500 commission brought in a verdict for $500 for the plaintiff about 2:30 o'clock this afternoon. The case went to the jury about noon today.

The petit jury was finally discharged by the court this afternoon. There will be a short session of court tomorrow for the purpose of cleaning up some motions. Judge Dawson holds court in Grant City next week.

The note case of Farmers Bank of Skidmore against J. M. Charles was decided in favor of the plaintiff, the note being for $3,424.08 and attorney fees $250.

HOPKINS MEN BOUND OVER TO CIRCUIT COURT

At the preliminary of S. C. Ramsey, Walter Creech and William Traster this afternoon before Justice W. L. Johnson, they were bound over to the September term of circuit court with bail fixed at $500 apiece. They are charged with dynamiting the 102 river for fish. Cook & Cummins represented the defendants.

According to Ivan Bridgewater and Raymond Bridgewater and Grover Thompson, the dynamiting took place some time ago. Three weeks ago near the old Whitney farm fish in great numbers were found on the banks.

MANY PEOPLE ATTEND SAYLER BURIAL RITES

Funeral Services for Miss Marjorie Sayler Held at Hopkins Yesterday —School Dismisses in Respect.

Many relatives, friends and schoolmates attended the funeral services for Miss Marjorie Sayler, who died Monday morning following a short illness at her home in Hopkins, which were held at 2 o'clock yesterday afternoon at the O. H. Sayler residence. The services were conducted by Rev. O. W. Freeman, pastor of the Hopkins Methodist church. The choir of the Methodist church where Miss Sayler had been pianist since 13 years of age, furnished music. Her favorite song, "One Sweetly Solemn Thought," was given as a solo by Rex Hopple. Burial was in the Hopkins cemetery.

The acting pall bearers were schoolmates, who were Howard Stewart, Edward Turner, Rex Hopple, Charles Wood, Jr., Galen Turner and George Long. In respect to Miss Sayler, teachers and students of the Hopkins school who wished to attend the services were dismissed.

Those from a distance attending were Dr. and Mrs. H. L. Sayler of Des Moines, Ia., Miss Daisy Pierce of Strector, Ill., Mrs. Jennie Adams of Knowlton, Ia., Mrs. D. A. Bugbee of Diller, Neb., Mr. and Mrs. Howard Wray, Mrs. Jennie Conrad, Mrs. Lula Blackman, Mrs. Marvin Currutt, Rev. R. E. Snodgrass, J. H. Sayler, Mrs. Vera Sayler Pickett, Mr. and Mrs. Clement Hahn, Mr. and Mrs. Ernest Wray and Verne Wray, all of Maryville, Mr. and Mrs. Roy Wolfers, Mr. and Mrs. Omar Strong, Mr. and Mrs. Irvin Loch and Mr. and Mrs. Harry Lett, all of Pickering, Mrs. Clara Bond and Mrs. W. N. Wray of Sheridan.

HEADACHE NOT A DISEASE

It May Be Warning of Serious Danger, Says Dr. Ravenel.

Headache is not a disease but it is a symptom of troubles which may be deep seated, according to Dr. M. P. Ravenel of the School of Medicine, president ot the American Public Health Association. Headache may be a symptom of brights desease of the kidneys, infection of the nasal sinuses, eye strain from defective vision, high blood pressure, absorption of poisons from the intestines, or often the earlies symptoms of typhoid fever. Fortunately, the average headache is not serious, and means simply fatigue, eye strain or indigestion. Nevertheless, headaches should be treated according to their origin, and it is dangerous practice to take any of the many remedies which are so widely advertised and sold. Almost all of such remedies contain coaltar products which depress the heart. They cure the headache simply by silencing the pain and pain is nature's warning of something wrong.

Research has shown that man in his early days believed that headaches as well as other diseases were due to demons, and we find many skulls belonging to the Stone Age in which a hole has been scraped by pieces of flint by the So-called doctors of that age in order to let out the demon causing the headache.

We laugh at these things and boast of our advance over the ignorance of those days, yet we do things which are just as dangerous and just as foolish at the present time, says Doctor Ravenel. Our ignorance takes a different form, but it is doubtful whether it is not just as dense and reprehensible.

We spend in the United States more that $100,000,000 a year for patent medicines which are self-administered, many of which contain poisonous drugs which are sold at an exorbitantly high price.

Most headaches may be avoided by care in diet, the care of the eyes, and taking a proper amount of rest. Anyone who suffers from frequent headaches, which are not attributable to errors of diet, should consult a physician and find out whether or not there is some organic disease.

MISSOURI MAY USE CONCRETE

COMMITTEE WILL PROBABLY RECOMMEND WISCONSIN SYSTEM

CONDITIONS ARE SIMILAR

Present Highways Must Be Maintained While New Ones Are Being Constructed.

The Wisconsin system of roads probably will be recommended as the basis for the Missouri system by the volunteer committee on roads investigation, when the Legislature convenes in special session about May 15. This committee, made up of three senators and one member of the House was formed shortly after the regular session of the Legislature adjourned, as no provision had been made for the compilation of road data for information at the special session.

After making a close examination of roads in Indiana, New York, Massachusetts, Connecicut, Michigar and Wisconsin, the committee was impressed with the concrete roads of the latter state, according to Mr. Rollins, who has just returned to Columbia. It probably will be recommended that Missouri's $60,000,000 of good roads bonus and about $35,000,000 of federal aid be converted into concrete roads as the only really permanent and successful ones. According to the committee, although a gravel road is fairly permanent as long as the traffic is light, the hard-surfaced road withstands constant and heavy travel much longer. The committee has not yet decided on a formal report, however.

The road condition which exsists in Missouri was found to be very similar to that of Wisconsin. Since Wisconsin started building concrete roads in 1907, it has, with a capable and enthusiastic highway commission been able to build only 500 miles of concrete roads. The remainder of the roads in Wisconsin are gravel and macadam, but these roads are being well maintained as the concrete ones are being built. It is therefore absolutely imperative that the present roads of Missouri be maintained the committee believes. A state highway system cannot be built up in a short time and it will be necessary to build the permanent roads in the more thickly populated districts first in order to meet with the heavy traffic of these districts. In smaller districts where the traffic is not so heavy it will be necessary only to maintain the roads until permanent ones can be built, it is said.

Richard F. Ralph of St. Louis County formed this volunteer road committee the only purpose of which, according to Ralph, was to get that information which would be valuable to the members of the Legislature in enacting the necessary laws, and to discover which was the best system whereby Missouri's bonds might be translated into roads.

The Highway Commissioners, the the State Highway Engineers, and the State Highway Departments of the various states visited were consulted in an attempt to arrive at some conclusion in regard to good roads and to profit by the mistakes which were made by these states.

The committee will make recommendations to the Legislature in regard to the character of organization for the state Highway Department, and in regard to the general system which should be followed in formulating the road program in Missouri.

Prayer Service and Preaching

There will be prayer meeting at 322 East Cooper street at 7:30 o'clock Friday night. Preaching services will also be held at this place at 11 o'clock Sunday morning and at 8 o'clock Sunday evening by Elder Herbert Miles of Stanberry.
